General Description

Newly opened the Zanzibar Dolphin View Paradise Resort has been specifically designed to meet the increasing demand from international travelers seeking for an authentic atmosphere without compromising on comfort, facilities or intimacy.

The resort is still something of a hidden gem in Zanzibar; It remains simple and embraces the amazing scenery and uses traditional architectural style, offering quality accommodation at competitive prices.

The 30 sea view villas are simply stunning – larger than anything else in this price range, and perfect for both families, friends and honeymooning couples, as each villa feels like a own private house.

All feature with 3 separate bedrooms, a leaving room, an upstairs lounge, 2 verandas, wireless Internet, flat screen satellite TV, fans and AC. In addition, 21 Villa have their own private pool -8m*4m-

Overlooking the Indian ocean, the long jetty, the infinite pool and the private beach complete the charm of the wild and peaceful surrounding.

To unite some of the facilities and buildings of the public area the design is a pentagram construction. It accommodates the combination of buildings and open spaces.

There is a Business Centre, a diving desk, a game area, a conference room, a boutique as well as a comfortable leisure lounge adjacent to the bar which serves the swimming pool with infinity type of borders towards the Ocean. The zone for swimming is 25 x 8meters.

The restaurants offers fine dining and views of the Indian Ocean. A separate area is dedicated to a la carte dinner. The bar is fully equipped to entertain guests. This includes a music system, flat screen TV.
